

The Claude Content Starter Pack

Thank you for downloading this starter pack. Here are three high-impact prompts to immediately improve your workflow.

1. The Brand Voice Cloner (Mini)

Analyze the following writing sample for tone, sentence structure, and vocabulary: [PASTE SAMPLE]. Now, write a 200-word LinkedIn post about [TOPIC] using this exact voice.

2. The Viral Hook Generator

I have an article about [TOPIC]. Generate 5 viral-style hooks for a LinkedIn post that use either a contrarian opinion, a surprising statistic, or a personal story. Keep them under 30 words.

3. The "Humanizer" Filter

Rewrite this draft to sound like a human expert talking to a friend. Remove all corporate jargon, passive voice, and buzzwords like "delve" or "revolutionary." [PASTE DRAFT]

Want the full system?

You've seen how these prompts work. Get the complete **Claude Content Engine** with over 30+ advanced workflows to automate your entire marketing business.
