Below is your exclusive sneak peek into **Chapter 1: The Psychology of a Binge-Worthy Book**.

Chapter 1: The Hook Formula

Most authors lose 80% of their readers by page three. Why? Because they start with long, boring introductions instead of setting a fire under the reader. If you want a book to be addictive, you must use the **P.A.S. Framework** on page one.

- **P – Problem:** Clearly state the exact, burning frustration your reader is facing right now. Make them feel seen.
- **A – Agitate:** Stir the emotional pot. What happens if they don't fix this problem? How much time and money are they wasting?
- **S – Solve:** Introduce your ebook as the definitive, ultimate blueprint that fixes that exact problem instantly.
