

Riddle 1

****Riddle:****

I shine in the daytime sky,
But I am not a star you can touch.
I help flowers grow and keep Earth warm.
What am I?

****Hint:****

Without me, Earth would be cold and dark.

****Answer:****

 The Sun

Riddle 2

****Riddle:****

I travel around Earth every month.
Sometimes I look round, and sometimes I look like a tiny slice.
I glow at night, but I do not make my own light.
What am I?

****Hint:****

Look up after the Sun goes to bed.

****Answer:****

 The Moon

**Riddle 3**

****Riddle:****

I have no wings, but I can fly into space.

I roar loudly when I leave the ground.

Astronauts ride inside me.

What am I?

****Hint:****

I blast off with lots of fire and smoke.

****Answer:****

 A Rocket

**Riddle 4**

****Riddle:****

I have a flat body and two eyes.

When I am young, my eyes move to one side of my head.

I like to rest on the sandy ocean floor.

Who am I?

****Answer:**** Flounder

****Fun Fact:****

A flounder can blend into the sand to help stay safe.

**Riddle 5**

****Riddle:****

I look like a tiny horse, but I swim in the sea.

I hold on to sea plants with my curly tail.

I am not a fast swimmer.

Who am I?

****Answer:**** Seahorse

****Fun Fact:****

In seahorses, the father carries the babies before they are born.
