Recent

Research Agent

Research · GPT-5

Conducts in-depth market research, competitor analysis, and trend monitoring across the web.

Online

156 tasks · 2h ago

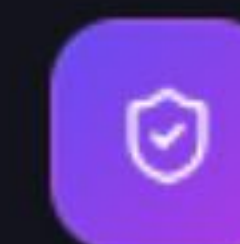

Coding Agent

Coding · Claude Sonnet 4.6

Reviews repositories, writes and refactors code, and opens pull requests with best practices.

Running

87 tasks · 14h ago

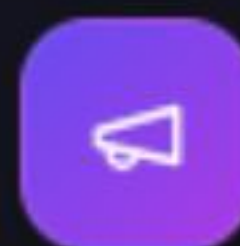

QA Agent

QA · Gemini 3 Pro

Validates outputs, runs test suites, and ensures quality gates before deployment.

Online

66 tasks · 12h ago

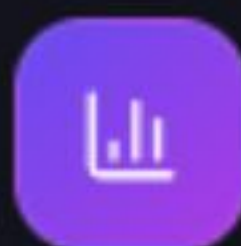

Marketing Agent

Marketing · GPT-5

Generates product copy, social content, and campaign briefs aligned to brand voice.

Online

56 tasks · 10h ago

Data Analyst

Data · Claude Sonnet 4.6

Queries datasets, builds dashboards, and surfaces insights from business metrics.
