OUR STORY

Born in Grasse. *Composed for eternity.*

In the hills above the Côte d'Azur, where jasmine opens before dawn and roses are gathered by hand, Aurelian began with a simple conviction: perfume should possess a soul.

Our parfumeurs work in measured silence, pairing noble natural essences with singular modern accords. Each formula is rested, refined, and bottled in small editions in our Grasse atelier.

THE SOUL REVEALED

Damask Rose · Grasse Jasmine · Orris

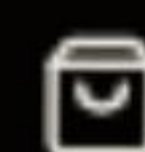

“Aurelian Noir has the gravity of a tailored evening coat. It evolves for hours, yet never announces itself.”

ÉTIENNE LAURENT

Collector · Paris

“Rose Sovereign captures the flower without sweetness. It is poised, intimate, and unlike anything in my cabinet.”

AMELIA HART

Perfume Writer · London

“Amber Reign settles into the skin like warm light. The drydown is exquisitely measured and utterly addictive.”
